

So what now?

You've learned about Pakistan.

You've heard stories about the children that live there.

You know how difficult it is for them to get a good education.

You know that people like PEP are trying to help them.

What can YOU do about it?

Here are some of our ideas, feel free to think of your own!

- Be more thankful for your own education and realize what a privilege it is to attend school!
- Commit to learning more about Pakistan and how you can make a difference in the lives of the children living there.
- Support the work PEP is doing by having a fundraiser with your class, neighborhood, or sports team! You could offer to rake leaves, walk dogs, wash cars, teach elderly people about computers, or sing Christmas Carols for donations! Think of the abilities and talents you have and how you might use them.
- You could also have a bake sale, yard sale, charity dinner, pancake breakfast, game night or quiz bowl- the possibilities are endless! PEP needs your support to continue our schools and build new ones to educate more children in Pakistan!
- Ask your friends or family members to give to PEP instead of getting you a Christmas or birthday gift this year. Or give to PEP instead of giving someone else a gift yourself! What an incredible way to honor someone!
- Save your allowance for a month and donate it to PEP. If you saved even 50 cents every week for a year, you would be able to donate \$26! If you saved \$1 every week, you would be able to donate \$52 at the end of the year!
- Become a fan of PEP on facebook and read our blog to stay informed on all wonderful things our children are doing because they are able to get an education!
